1350	H2X, O	500 - 1500	0.2 - 0.7
		850- 1500	0.35 - 2.0
1100, 3003, 8011, 8006	H1X, H2X, O	500 - 1500	0.2 - 0.35

Packaging

Aluminum sheets are stacked, securely strapped, and placed on sturdy wooden pallets.

Each aluminium sheet can be protected with an adhesive film, or a paper cover to prevent scratches, and other damage during transportation and storage.

Aluminium coils are securely strapped and protected by paper or plastic wrapping.
